CellSpin Soft Inc. – who we are

- Over the last 2 years Cellspin has been fighting Multi Billion Dollar companies Canon, Panasonic, Garmin and GoPro.
- Gang Tackling at PTAB is common. The combined Market Cap for these 4 companies is more than \$60 Billion.
- Four Different companies asked PTAB to invalidate one Cellspin Patent US9258698B2
- PTAB invalidated ALL the claim of the patent even though the technology taught by the CellSpin in 2007 was not developed by any company including the four petitioner till 2013.
- Hindsight is 2020 at PTAB and Everything sounds obvious 15 years after it was invented to PTAB Judges.
