

## **DEPARTMENT OF ENERGY**

Semiannual Regulatory Agenda

**10 CFR Chs. II, III, and X**

**48 CFR Ch. 9**

### **Regulatory Agenda**

**AGENCY:** Department of Energy.

**ACTION:** Notice of semiannual regulatory agenda.

**SUMMARY** The Department of Energy (DOE) has prepared and is making available its portion of the semiannual Unified Agenda of Federal Regulatory and Deregulatory Actions (Agenda) pursuant to Executive Order 12866, "Regulatory Planning and Review," and the Regulatory Flexibility Act.

### **SUPPLEMENTARY INFORMATION**

The Agenda is a government-wide compilation of upcoming and ongoing regulatory activity, including a brief description of each rulemaking and a timetable for action. The Agenda also includes a list of regulatory actions completed since publication of the last Agenda. The Department of Energy's portion of the Agenda includes regulatory actions called for by the Energy Policy Act of 2005, the Energy Independence and Security Act of 2007, and programmatic needs of DOE offices.

The Internet is the basic means for disseminating the Agenda and providing users the ability to obtain information from the Agenda database. DOE's entire spring 2013 Agenda can be accessed online by going to: [www.reginfo.gov](http://www.reginfo.gov). Agenda entries reflect the status of activities as of approximately July 31, 2013.

Publication in the **Federal Register** is mandated by the Regulatory Flexibility Act (5 U.S.C. 602) only for Agenda entries that require either a regulatory flexibility analysis or periodic review under section 610 of that Act. DOE's regulatory flexibility agenda is made up of five rulemakings setting either energy efficiency standards or test procedures for the following products:

Battery chargers and external power supplies (energy efficiency standards)

Commercial Refrigeration Equipment (energy efficiency standards)

Distribution Transformers (energy efficiency standards)

Residential refrigerators, refrigerator-freezers, and freezers (test procedures)

Walk-in coolers and freezers (energy efficiency standards)

Signed in Washington, D.C. on June 26, 2013.
