22 CFR Ch. V, 48 CFR Ch. 19

Unified Agenda of Federal Regulatory and Deregulatory Actions

AGENCY: The United States Agency for Global Media (formerly Broadcasting Board of Governors).

ACTION: Semiannual Regulatory Agenda.

SUMMARY: This Agenda announces regulations the United State Agency for Global Media (USAGM) plans to propose, issue, amend, or have under development during the twelve-month period following publication of this Agenda. The purpose of publishing this Agenda is to give public notice of the USAGM's regulatory plans to help enable and encourage the public to participate in the rulemaking process.

FOR FURTHER INFORMATION CONTACT: Daniel Rosenholtz, Attorney-Advisor and Policy Officer, USAGM Office of Management Services, 330 Independence Avenue SW, Washington, DC 20237. Telephone: (202) 203-4811. E-mail: drosenholtz@usagm.gov.

SUPPLEMENTARY INFORMATION: Executive Order 12866, as amended, and the Regulatory Flexibility Act require the semiannual publication in the Federal Register of an Agenda of regulations. The complete Unified Agenda, including the USAGM submission, is published at www.reginfo.gov. The purpose of this Agenda is to provide information to the public on regulations that are under review, being proposed, completed, or withdrawn by the USAGM. This Agenda is intended to facilitate comments and views by interested members of the public. Publication of proposed rulemaking actions in the Agenda does not impose any obligation on the

USAGM to take any final action with regard to any specific item. Furthermore, the USAGM is not precluded from rulemaking activities that are not listed in this Agenda.

When drafting the Unified Agenda, the USAGM gave especially careful attention to the principles and requirements identified in Executive Order 13771, "Reducing Regulation and Controlling Regulatory Costs," 82 FR 9339 (Jan. 30, 2017); EO 13659, "Streamlining the Export/Import Process for America's Businesses," 79 FR 10657 (Feb. 19, 2014); EO 13563, "Improving Regulation and Regulatory Review," 76 FR 3821 (Jan. 21, 2011); EO 13610, "Identifying and Reducing Regulatory Burdens," 77 FR 28469 (May 10, 2012); and EO 13609, and "Promoting International Regulatory Cooperation," 77 FR 26413 (May 1, 2012). In addition, the USAGM has determined, under the Regulatory Flexibility Act, that the regulations under consideration will not have a significant economic impact on a substantial number of small entities. Accordingly, no Regulatory Flexibility Analysis is required.
