

U.S. AGENCY FOR INTERNATIONAL DEVELOPMENT

22 CFR Ch. II

Fall 2024 Semiannual Agenda of Regulations

AGENCY: U.S. Agency for International Development.

ACTION: Semiannual Regulatory Agenda.

SUMMARY: The U.S. Agency for International Development (USAID) is publishing this Agenda as required by Executive Order (E.O.) 12866, "Regulatory Planning and Review" (58 FR 51735, October 4, 1993), and the Regulatory Flexibility Act. The Agenda reports the status of those USAID regulations that are currently under review and describes the Agency's plan for the issuance of proposed regulations during the next 12 months. The information provided in this Agenda will enable the public to be more aware of and participate more effectively in USAID's regulatory process.

FOR FURTHER INFORMATION CONTACT: For additional information about specific USAID regulatory actions listed in the Agenda, you should direct your comments and inquiries to the appropriate Agency contact identified in each entry. For general information on the Agenda, you should direct your comments and inquiries to Ruth Buckley, Deputy Assistant Administrator, Bureau for Management, USAID, Washington, DC 20523; Telephone: (202) 921-5068, E-mail: rbuckley@usaid.gov.

SUPPLEMENTARY INFORMATION: E.O. 12866 and the Regulatory Flexibility Act require the semiannual publication in the ***Federal Register*** of an Agenda of regulations. The Office of Management and Budget publishes the complete Unified Agenda at www.reginfo.gov. The purpose of the Agenda is to provide information to the public on regulations that are currently

under review at U.S. Government Departments and Agencies, including USAID, or that a Department or Agency is proposing, completing, or withdrawing. The Agenda is intended to facilitate comments and views by interested members of the public. Publication of the proposed rulemaking actions in the Agenda does not impose any obligation on USAID to take any final action with regard to any specific item. Furthermore, USAID is not precluded from rulemaking activities not listed in this Agenda.

On July 19, 2023, the Office of Information and Regulatory Affairs published guidance on Broadening Public Participation and Community Engagement in the Regulatory Process. USAID fully supports this effort by having a robust outreach program with partners, including recurring Industry Days and outreach events, use of social media to reach wide audiences, and the WorkwithUSAID.gov platform. Additionally, USAID engages stakeholders when developing new development policies or strategies.
