

FARM CREDIT ADMINISTRATION

12 CFR Chapter VI

Unified Agenda of Federal Regulatory and Deregulatory Actions.

AGENCY: Farm Credit Administration.

ACTION: Unified Agenda of Federal Regulatory and Deregulatory Actions.

SUMMARY: The Farm Credit Administration (FCA) sets forth the following agenda of regulations that are or will be under development in the next twelve months. FCA coordinated this agenda with the Office of Information and Regulatory Affairs within the Office of Management and Budget under Executive Order 12866, made applicable to FCA by Executive Order 14215. FCA's regulatory plan will be included in the entire Unified Agenda of Federal Regulatory and Deregulatory Actions (Agenda) published on the Internet, which will be available online at www.reginfo.gov.

SUPPLEMENTARY INFORMATION: Executive Order 14215 made Executive Order 12866 applicable to FCA.

FCA has no entries in the Agenda identified as requiring a Regulatory Flexibility Act (RFA) analysis under 5 U.S.C. 601 et seq., so this preamble will not appear in the Federal Register. FCA's printed agenda entries are not subject to the RFA requirement for publication in the Federal Register because it is anticipated that no planned rulemaking action in FCA's regulatory agenda will have a significant economic impact on a substantial number of small entities, as that term is defined in the RFA. FCA does not regulate any "small entities" within the meaning of the RFA. FCA issues regulations applicable to the Farm Credit System (System), and each of the four banks in the System, considered together with its affiliated associations, has assets and annual income more than amounts that would qualify them as "small entities" as that term is defined in the RFA. For purposes of the RFA, the interrelated ownership, control, and contractual relationship between associations and their funding banks are sufficient to permit them to be treated as a single entity. Because System institutions are not "small entities" and FCA regulations only apply to System

operations, FCA regulations generally do not and will not have a substantial economic impact on "small entities."
